Servicios de atención integral y especializada para las mujeres que enfrentan violencia por razón de género

El ISDEMU ha desarrollado un marco institucional de prevención y atención a la violencia contra las mujeres, que contiene los lineamientos institucionales que regulan la actuación en los servicios que se prestan. El sistema incluye varias modalidades o mecanismos de entrada para las mujeres que soliciten información y orientación sobre la violencia contra las mujeres:

- a. *Unidades de Atención Especializada ubicadas en Sedes de Ciudad Mujer:* es un mecanismo colegiado entre las instancias del Estado, coordinado por el ISDEMU, que busca garantizar el acceso efectivo de las mujeres a la justicia, a una cultura de prevención de la violencia basada en género, el empoderamiento de las mujeres a través del conocimiento de sus derechos y a la participación plena en los procesos de desarrollo de su comunidad.
- b. *Unidades de atención permanentes en cada departamental del ISDEMU:* en cada sede departamental de ISDEMU se dispone de personal técnico especializado en la atención a mujeres que enfrentan violencia. En San Salvador y Sonsonate se cuenta con Centro Especializado de Atención.
- c. *Centro de Atención 126:* tiene por objetivo brindar a las mujeres información, orientación e intervención oportuna cuando lo requieran y demanden en cualquier parte del territorio nacional. El ISDEMU cuenta con personal técnico especializado en la atención a mujeres que enfrentan violencia para brindar las orientaciones o consejería, las 24 horas y los 7 días al año, por medio de dos modalidades: Centro de Llamadas 126 y la Plataforma 126 Te Orienta.
